

SPAIN WILL NOT YIELD

Premier Sagasta's Fiery Appeal.

American Interference Resented.

The Responsibility for the War Rests on the United States, Not on Spain.

WASHINGTON, April 19.—Spain will not receive official notice of the demands of the United States before tomorrow. She will then be informed that the Cuban resolution passed by congress at an early hour this morning is now a part of the laws of the United States and an ultimatum will be sent in compliance with this law and answer within a very short time, probably 24 hours, is expected. Compliance is not expected and a forward movement to Cuba will commence the latter part of this week, according to the plans of the administration.

The congressional Cuban resolution will not be signed until tomorrow. The ultimatum to Spain will be signed at the same time. The President early decided to make the two practically one act, by a simultaneous signature of each.

TWO CABINET MEETINGS.

Two cabinet meetings were held during the day, the first beginning at 11 and lasting nearly two hours, and the second lasting from 1 until 5 o'clock. At their close announcement that executive action was delayed until tomorrow was made. Both cabinet sessions were devoted principally to discussion of the ultimatum to be sent to Madrid. At the morning session the President rather favored allowing Madrid two or three days in which to reply to our demands, but since that time he has changed his views somewhat and it is now believed to be his purpose to require an answer within a very short time, probably within twenty-four hours. The reason for limiting the time to one day, or even less, is said to be entirely strategic, otherwise two or even three days would have been allowed.

A HEAVY ULTIMATUM.

The ultimatum itself, it is believed, is short and to the point. It will recite the main features of the resolutions passed by congress and demand a compliance therewith. The ultimatum probably will not be made public here until notice is received that it is in the hands of the Spanish government, diplomatic etiquette requiring this.

The Cuban resolution passed by congress arrived at the White House at 1:15 o'clock, a little over an hour having been consumed in the formalities of securing the signatures of Speaker Reed and Vice-President Hobart to the resolution in open session, and its delivery at the White House by Representative Huger of Iowa, chairman of the committee on unrolled bills, and Representative Overstreet of Indiana. It was expected that the resolution would be signed immediately after it had reached the President, and this was President McKinley's inclination, but for certain state reasons it was deemed advisable that the resolution and the ultimatum to Spain should be signed simultaneously.

The steady progress of military and naval preparations indicated the conviction on the part of the administration that a peaceful solution of existing difficulties is not probable.

MINISTER WOODFORD'S INSTRUCTIONS.

As to the course of events in the immediate future, the only prediction that can be made is one based on precedent. According to these, Minister Woodford will notify the Spanish government of the action of the government of the United States and should the Spanish answer be unsatisfactory, as is expected, the next step would be for him to ask for his passport and leave Madrid. That would be followed instantly by the withdrawal from Washington of Senator Poin, the Spanish minister. At this point it can be said that the state department officials are confident that the Spanish government will shape every phase of the negotiations as to oblige us to take the initiative at every point. After the withdrawal of the ministers and assuming that Spain does not back down, or will follow actual war, but whether or not the first overt act would be preceded by a formal declaration of war, which would insure the immediate neutralization of the powers, or whether the North Atlantic squadron will make its appearance at Havana as a beginning, cannot yet be predicted. In this connection it may be stated that the army and navy experts are beginning to take a less hopeful view of an early and quick campaign than their entertained a short time ago.

Months are now mentioned instead of weeks as the probable length of hostilities and one eminent naval officer, who had experience in the late war, professed a belief that unless outside pressure is brought to bear, a war may easily drag along a year under existing circumstances.

NO FURTHER MINUTION.

Apparently the powers have abandoned

done hope to influence the course of our government. Matters were quiet at all the legations today and no instructions were received by any of the ambassadors or ministers in the line of mediation.

"The ultimatum," said one member of the cabinet, after the meeting today, "has been agreed upon in substance, but has not yet been formally drawn up. Its preparation has been entrusted to Assistant Secretary Day of the State Department. It will be sent to Spain tomorrow and will reach Madrid in the evening, the difference in time between this country and Spain being six hours. I think you are safe in saying that Spain will be given 48 hours, that is until Friday evening to submit her reply. In accordance with the terms of the resolution the President will demand that Spain shall evacuate the island."

The demand for this will be flat-footed and absolute, and no tentative or half-way reply will satisfy the President. Nor will any compromise that contemplates the withdrawal of Spain's troops from the island and the subsequent re-establishment of Spanish control or the raising of the Spanish flag over the country be accepted by the administration.

A CUBAN BLOCKADE.

"If Spain refuses to evacuate Cuba prompt measures will be adopted to put in force the congressional resolution. A blockade of Cuba will, so far as at present understood, be begun at once. There are sufficient war vessels in the vicinity to make this effective. I think such supplies as the Spaniards now control will not last them more than a month. These steps will be taken with a view to increasing the equipment of our soldiers and furnishing them with sufficient hard tack for food, to enable him to harass the Spaniards from the rear, which will materially assist in bringing them to terms. My own individual idea is that it will probably take two months to bring about the results which will compel the Spaniards to evacuate and enable the island to be occupied by the United States without molestation."

NO PRIVATIZING.

"No, the United States government will not issue any letters of marque and reprisal or countenance privatizing, but if the Spanish government chooses an action upon this line of warfare it will have to deal with the nations of Europe, with whose commerce she seeks to interfere."

MINISTER POLO TO LEAVE.

WASHINGTON, April 19.—The Spanish Minister, Senor Polo de Bernabe, has made his final preparations for departure and is calmly awaiting notification that the President has notified him of the Cuban resolutions, at which time the Minister will take his leave. He had expected this would come today, and every arrangement had been made with that in view. Now, that the signing is deferred until tomorrow, it is probable that the Minister will depart before another twenty-four hours pass by. Before leaving he will transfer the legation archives and effects to the French embassy. The entire staff of the legation will accompany the Minister. Their exact movements after leaving Washington are not known, except that they will return to Spain at the earliest possible moment.

The Spanish legation has been the center of great activity throughout the day. The Minister was up nearly all last night, retiring shortly after daylight this morning, after having conferred with the government of the final phase of the Cuban resolution. He was again at his desk by 9 a. m., communicating with his government and awaiting the next and final move in making the resolution effective. He saw a number of friends mainly of the diplomatic corps, and the Minister expressed his belief that all hope of a peaceful settlement appeared to be at an end, and that Spain now left with the United States the responsibility for war. Being convinced that all hope of peace was over the Minister's personal desires were that the remaining formalities might be dispatched as speedily as possible.

ACTS OF VANDALISM.

Early this morning the large metal sign bearing the words "Office of the Spanish Legation" was wrenched from its place on the route leading to the legation and carried away by vandals. The minister made no complaint in the state department or to the police, as he has sought to minimize the petty depredations against the legation, although this was the most degrading one committed. Some of the foreign ambassadors and ministers called at the state department today to learn whether the President would sign the resolutions. They were informed by Judge Fay that the President intended to sign them. This in turn was communicated to the foreign offices and was regarded as placing the matter beyond any question of doubt. The representatives of the powers of Europe held no meeting during the day nor is any meeting at present in prospect.

NO EUROPEAN COALITION.

Those who have been most hopeful of the bringing about of European coalition now concede that such a move is impossible. There seems to be a general purpose among foreign governments to observe a strict neutrality. Already it is said Great Britain has taken steps not only to maintain a passive neutrality but to enforce it with arms, if necessary. Two regiments of British soldiers are now in the British West Indies, and these are about to be augmented by another regiment en route from Halifax. They are concentrated in the belief that the West Indies will be a center of conflict, and that the stress of war may lead one or the other belligerent to occupy neutral British territory. If that occurs a British force will see that the territory is vacated and that British soil is not used as a base of operations for hostilities for either party to the conflict. So far as is known the French government will observe the same neutrality. Its West Indian possessions are considerable, and it has several ships in those waters. Germany and the other powers are expected to take the same neutral attitude.

SAGASTA'S SPEECH.

MADRID, April 19.—The supporters of the government in both houses of parliament met in the senate chamber at 5 o'clock this afternoon, Senator Sagasta, the Premier, addressed them as follows:

"The times are so grave and the circumstances are so exceptional that acts

(Continued on page 4).

NOT A TIME TO TALK WAR

The Hour Has Come for Action.

Volunteers Wanted From the Guard.

Gulf Towns Petition for Protection—Greed of Mercenary Ship-Owners.

WASHINGTON, April 19.—Military and naval preparations continued today with unabated vigor. Seven fleet steam yachts suitable for navigation in Cuban waters were pronounced and several bids for steam colliers were made. Arrangements are making to utilize a number of the converted smooth-bore guns, survivors of the late war, as armament for the auxiliary cruisers. Many agents for ship owners were at the navy department today, offering to sell crafts to the government, but the prices are said to be excessive, and no purchases were made.

CALL FOR VOLUNTEERS.

The authoritative statement was made at the war department today that on the first call for troops only the National Guard would be given an opportunity to volunteer for service in war. As far as practicable the state organs entering the volunteer service will remain intact, the Governors of the various states being permitted, as they were in 1861, to designate regimental officers, which will include those of the grade of second lieutenant to colonel. The President will reserve to himself the right to appoint the staff and field officers.

It was stated today that the first call for troops would be for 80,000 men, which, it is believed, will exhaust the entire available strength of the national guard at this time, after deducting those who are sick and otherwise incapacitated for immediate service. The total strength of the guard as reported to the war department is 113,784 men.

MECHANICAL PATRIOTS.

A great deal of indignation has been expressed by naval officers over the cold-blooded attempt of persons owning vessels or acting as their agents, to extort from the government sums of money largely in excess of the value of their craft. The same complaint is also made as to many kinds of military and naval supplies.

The navy department has arranged to place some light arms on the four vessels acquired from the Morgan line, the Prairie, Yosemite, Yankee and Dixie. The Carnegie Company has undertaken to roll immediately eight steel plates 18 inches thick. Two layers of this plate will be placed around the boiler and engine rooms of the boats, making about 360 tons of armor in each case.

This will be sufficient at least to repel the fire of machine guns and perhaps to keep out the numerous six-pounder shells.

STEAM COLLIERIES WANTED.

The navy department has received satisfactory information that the coal loaded at Newport News upon the British tramp steamer Hampshire is not, as was supposed, intended for the Spanish naval craft at the Cape Verde islands, but is for a line of merchant steamers, so that there has been no reason for the department to still reaching out for vessels suitable for colliers and several cable messages were sent today to the agency in Europe, looking to the purchase of some of these vessels.

GULF TOWNS UNARMED.

Applications are pouring into the war and navy departments for the immediate protection of supposedly exposed points on the Atlantic and Gulf seaboard. Some towns ask for the immediate construction of batteries, while others want warships stationed off the shore. A vast majority of these applications are from very small towns. The officials say it is manifestly impossible to comply with these requests and have no hesitation in declaring that the apprehension among the people of these towns is entirely groundless. They say that there would be no inducement for a Spanish naval force to attack unprotected small coast towns.

Also it is said that the rules of civilized warfare require that no unprotected town shall be bombarded without at least twenty-four hours notice, the object of this delay being to allow non-combatants to retire to a place of safety.

Rear Admiral Seward reported at the navy department this morning and was immediately assigned a place at the deck in the office of Secretary of the Navy long to act as official advisor to the secretary.

UTILIZING OLD GUNS.

The board of naval bureau chiefs is considering the advisability of utilizing some of the old converted smooth bore guns for the auxiliary cruisers. These guns are not really smooth bore at all, but are cast-iron guns lined with a steel tube lately rifled. They are not, however, breech loaders, so they will be necessarily slow in action. Their weight is eight tons and all that would be necessary to fit them to vessels of the St. Paul and New York class would be the laying of a deck track and the fitting of a couple of heavy ring bolts for each gun. They fire a solid armor-piercing shot weighing 180 pounds, or a bursting shell with ten pounds of powder weighing 150 pounds. With an accurate range from 2½ to 3 miles, they would be effective weapons against any unarmored ship. It is the intention of the navy depart-

ment to replace them upon the vessels by modern weapons just as fast as the new guns can be turned out.

NEW APPOINTMENTS.

Two assignments to naval commands were announced in the published orders today, Commander J. J. Eaton taking command of the Resolute, lately the Yorktown, and Lieutenant Commander R. T. Jasper, now at the naval academy, taking command of the light house tender Swanee, in place of Commander J. F. Moore, who goes to the Albatross.

GUARDSMEN ONLY.

The important event at the war department was the decision to enlist only national guardsmen under the first call for troops, which will be very gratifying to the militiamen. Some idea of the cost of transporting troops may be formed from the fact that it was necessary to allot \$1,000,000 today to defray the expenses of the movements already ordered. Reports from all over the country this morning indicated that the movements were going on with the most gratifying celerity. A picturesque representation of warlike conditions was presented right in Washington by the departure for the south of the cavalry, and Secretary Alger managed to make time get to the station to see them off. An allotment of funds for a balloon service shows that the war department does not propose to ignore any of the latest scientific aids to warfare.

NO BOMBARDMENT.

Key West, April 19.—The naval plan of action it is understood has been finally and definitely decided upon. It involves the blockade of Cuba, but not a bombardment of Havana. The blockade will involve no engagements, it is expected, except the accidental encounter which are, more or less, bound to occur.

The senior naval officers of the fighting squadron believe that Spain is playing a clever game in concentrating her entire naval forces near the scene of action.

Captain Sampson, Captain Evans of the Iowa and Captain Taylor, of the Indiana, had a consultation this afternoon on the flagship New York and then came home.

Wherever the eyes turn tonight, it is met by the colors of "Ouba libre." Invariably the stars and stripes float above the insurgent ensign and here and there a new broom surrounds it, signifying that Spain will be swept from the sea.

CUBAN VOLUNTEERS.

The following message was sent to President McKinley today: "A thousand Cuban volunteers at Key West offer services under United States flag. (Signed) J. S. Govis, Major."

Active citizens will be taken to form a regiment. Today has been a Cuban holiday. The schools have been closed and the streets crowded with excited groups discussing the situation. For the first time the flagpole over the Spanish consulate was made to bear the Cuban flag, and when the banner was raised "Ouba libre" rang out from every throat. A number of demonstrations are in progress tonight.

CALIFORNIA COWBOYS.

URBANA, April 19.—The organization of a number of volunteers is now in progress here, and a company of mounted cowboys is being formed in Round valley.

GILT EDGES ON STRIKE.

SACRAMENTO, April 19.—It was reported late tonight that seven members of the Gilt Edge baseball club of the Pacific States League struck for higher wages today and were summarily discharged by Manager Kripp, who ordered them to return in their uniforms which they did.

Kripp is alleged to have told the discontented players that he could all their places with better men in an hour and a half. The only players left are Harvey and Doyle, pitchers, and Stanley, catcher.

MANAGER KRIPP COULD NOT BE FOUND.

GRAINGROWERS DESPERATE.

STOCKTON, April 19.—A petition is being circulated among the land owners on Union Island looking to the flooding of the entire island immediately.

It is said that not more than 600 acres of grain on the island can be cut, and it is thought best to sacrifice this for the general good during the next season. The petition has just been started. All who sign it relinquish their right to whatever grain they may have growing now.

JACKSON NOMINATED IN OHIO.

PORTSMOUTH, April 19.—The Republican of the north Ohio district tonight on the 14th ballot nominated J. Morgan of Jackson for congress to succeed Congressman Fenton, who is serving his first term. The convention was in session a week.

THEY WILL RETIRE.

Where will these world famed fighters, Fitzsimmons, Corbett, McCoy et al. be when the cult to arms is sounded?—Denver Post.

CASTLES IN SPAIN.

Spain is in better shape for an action than for war.—St. Louis Post-Dispatch.

KUTNER-GOLDSTEIN CO.—FRESNO'S GREATEST STORE.

Unloading Sale.

An avalanche of unprecedented bargains to dispose of surplus stock, the result of anticipation of a more favorable season. An opportunity to make your selections from a full fresh stock at clearance prices. It is simply a question with us of making disposition of our unprecedently heavy purchases. The question of profit has been entirely eliminated.

A FEW MONEY-SAVING QUOTATIONS.

- At 2½¢ per yard—Good quality of Shirting Calicoes, worth 5¢, at 2½¢ per yard.

FEEDS RAISINS.

P. F. Brooks' Cheap Feed for Horses.

Claims That Raisins Are Superior to Barley for Keeping Animals Fat.

P. F. Brooks, living eight miles west of Fresno on Kearney avenue, is experimenting with raisins as horse feed, and the results of his observations will be interesting, as he is an old horseman.

In an interview with a REPUBLICAN reporter yesterday he said: "Barley is worth \$30 a ton and raisins from \$15 to \$20. It is difficult to sell good raisins for over \$20 a ton. Some time ago I concluded to use raisins as horse feed instead of grain. As an experiment I bought an old horse and fed the animal twelve pounds of raisins a day. The pig was worn out and poor, but in a short time he began to fatten and grow sleek. The feed seemed very nourishing, and the horse became plump and full of life. I sold the animal back to the original owner for \$30—three times what I gave for him.

"Twelve pounds of raisins a day is equal to twenty pounds of barley. At the present price of grain this would make the feed value of raisins about \$40 a ton, leaving a profit of \$2 a ton over the actual selling price of \$38. The raisins also make good cattle and hog food, but I have not experimented much in that line.

"Horses seem to relish the raisins and keep in good condition while being worked. Several of my neighbors will follow my example and use raisins for stock feed. This is a good way to get rid of the surplus now in the hands of the farmers."

VALLEY ROAD NEWS.

Officials of the Road on a Tour of Inspection.

Captain Payson and W. B. Storey of the Valley Road were in town Monday on their monthly trip of inspection over the road, and yesterday morning they went to Bakersfield.

Traffic Manager Moss and A. D. Schindler were also here. Mr. Moss stated that the rates on grain this year would be the same as last year, and no change is contemplated in the freight schedule on any products. He stated that when the line is completed to San Francisco there would most likely be a general reduction. It will be about two years before the road is completed from Stockton to the metropolis, by way of Point Richmond.

The contract for the big tunnel, a mile and a tenth long, through the Contra Costa mountains, calls for completion within 500 days at the farthest, but Mr. Moss expressed the belief that the work would be finished before that time. He also stated that when the tunnel is built the road will be well along toward completion.

The making of a solid roadbed through the tules is proving a success, he said, and with a solid foundation the trains can make much better time.

The road will not be completed into Bakersfield before a month and probably longer. The delay is due to the difficulty experienced in getting the timber on account of so many vessels being put on the Alaska route.

Death of Mrs. Razez's Mother.

Mrs. Catherine A. Phares, mother of Mrs. A. W. Razez of this city, died at her home in Bakersfield last Thursday evening after an illness of several weeks. She was in her 71st year and was a native of Madison county, Ohio, removing from there to De Witt county, Illinois, in 1849. In 1857 she came to California. She was a loving mother and a devoted wife. Three children survive her—Mrs. A. W. Razez of Fresno, Mrs. O. J. Waggoner of Bakersfield and B. F. Phares of Clinton, Illinois. Her son arrived from the East in time to be at his mother's side before her death. He will accompany the remains back to her home.

A Surprise Party at Selma.

Among the society items noted in the Selma Irrigator is the following: "The social event of the season was a grand surprise party given Miss Ada Farley last Saturday evening. There were forty-six present and the evening was spent very pleasantly with social entertainments, music, etc. At 10 o'clock all repaired to the dining room and partook of a sumptuous supper. Miss Farley is a student at the State Normal at San Jose, and had just returned home to spend the short vacation—hence the surprise was complete in every respect. Among those from abroad we noticed Miss Maud Farley of Kingsburg, and Miss Lulu Gilbert of Selma. It was near 2 a.m. before the happy crowd dispersed.

Remedy for Peach Borer.

The Pacific Tree and Vine gives the following remedy for peach borer: "During this month the larva will abandon the tree and envelop itself as a pupa in a case or cocoon made of its own borings and the gum which exudes from the wound when it penetrates. The moth will begin to hatch soon after May 15th and deposit eggs at the base of the tree. A coating of lime whitewash, with a pint of coal tar added to every five pounds of lime while slaking, and a little salt, applied to the tree from four inches or more below the surface to eighteen inches above, will tend to bind the laying of eggs and keep the young borer from eating through when hatched. This must be attended to at once."

Superior Court Notes.

The following business was transacted in the superior court yesterday:

RESPONSE JUDITH HIRLEY, DEPARTMENT 1. People vs. Frank Oakes; by consent of the defendant continued to April 21st. John E. Ashdarian vs. William A. Nevill; order granting motion for a change of venue. George McCullough vs. E. G. Winchell; motion to strike out granted. People vs. J. M. Bridges; case on trial. People vs. James Arthur; defendant sentenced to five years at Folsom.

A Small Blaze.

An outhouse in the rear of W. N. Thorp's residence, 1649 I street, caught fire last evening about 8 o'clock, and burned to the ground. The origin of the blaze is a mystery. The entire fire company responded to the alarm. Engine No. 1 ran over a dog in front of the Tomb Hotel and killed it.

MUSICAL EVENT.

The Apollo Club About to Give a Fine Concert.

The coming concert of the Apollo Club will be of more than usual interest. The four choruses by the club, "The Apollo Musicians," "The Apollo Song," "The Apollo Quartet," "The Apollo Sextet," and "The Apollo Ensemble," are, as their titles show, varied in style and theme, and are of a bright and attractive class of music. Mr. Geisler, whose contralto voice is well known in Fresno, will sing "The Apollo Song," the great violinist will make his first appearance outside of San Francisco.

The entertainment will be given at the Barton opera house. Tickets are for sale at Warner's, Corley's, Rice's and all drug stores. Owing to the heavy expense of engaging Mr. Marino, seats will be sold at 50 cents. The first three rows in the parquetry and the first three rows in the balcony and the large boxes will be reserved at 75 cents. All other seats reserved without extra charge over the price of admission.

Resolutions of Sympathy.

Whereas, Neighbor John Jensen and his family have been called upon to share the bereavement consequent upon death by the loss of his beloved daughter, Alice, and we, the neighbors of Mr. Jensen, in camp assembled, through a feeling of sorrow, hereby extend to our neighbor and his sorrowing family our most sincere and deepest sympathy, and do hereby from a true neighborly spirit condole with them in this their hour of deepest sorrow; therefore, be it

Resolved, That we, the members of Manzanita Camp No. 100, Woodmen of the World, do with bowed heads extend our deep feeling for Neighbor Jensen and his family by adopting in full the above preamble; and be it further

Resolved, That a copy of these resolutions be printed in the Fresno Morning Republican, a copy be sent to Neighbor Jensen and his family and a copy be spread upon the minutes of our camp.

E. L. HUMMEL, Geo. Andrews, J. O. TRAINER, Committee Manzanita Camp No. 100, Woodmen of the World.

Dated Fresno, April 18, 1895.

Resolutions of Sympathy.

Whereas, it has pleased Almighty God to call from our midst the beloved wife of Neighbor S. J. Wall and he has been called upon to share the bereavement consequent upon death by this, his loss; and we, the neighbors of Mr. Wall, in camp assembled, through a feeling of sorrow, hereby extend to our neighbor our most sincere and deepest sympathy, and do hereby from a true neighborly spirit condole with him in this his deepest sorrow; therefore, be it

Resolved, That we, the members of Manzanita Camp No. 100, Woodmen of the World, do with bowed heads extend our deep feeling for Neighbor Wall by adopting in full the above preamble; and be it further

Resolved, That a copy of these resolutions be printed in the Fresno Morning Republican, a copy be sent to Neighbor Wall and a copy be spread upon the minutes of our camp.

E. L. HUMMEL, Geo. Andrews, J. O. TRAINER, Committee Manzanita Camp No. 100, Woodmen of the World.

Dated Fresno, April 18, 1895.

REAL ESTATE TRANSFERS.

The following real estate transfers were recorded yesterday:

Thirty-five years make a generation. That is how long Adolph Fisher, of Zanesville, O., suffered from piles. He was cured by using three boxes of De Witt's Witch Hazel Salve. Dr. G. Padlock, druggist, 1720 Mariposa street.

Mrs. A. Inven, residing at 720 Henry St., Altos, Ill., suffers with sciatic for over eight months. She was treated by the physicians, but received no relief. She then used one and a half bottles of Chamberlain's Pain Balm, which effected a complete cure. This is published at her request, as she wants others similarly afflicted to know what cured her. The 25 and 50 cent sizes for sale by Smith Bros., corner Hughes hotel.

Children like it, it saves their lives. We mean One Minute Cough Cure, the infallible remedy for coughs, croup, croup, bronchitis, grippe, and all throat and lung troubles. Dr. G. Padlock, druggist, 1720 Mariposa street.

BASEBALL NOTES.

Two New Players Engaged—Sunday's Game.

Fresno has at last secured a good pitcher in Charlie Thomas of Los Angeles. Thomas was pitcher for the Los Angeles team in last year's Examiner tournament and made an exceptionally fine record. Besides being a clever pitcher, he is a hard hitter. Thomas pitched to Henry Mangier last season, and the latter has nothing but good words for the newcomer. Mangier states that Thomas has great speed and control and is good at watching bases.

Manager Donahoe has secured Ed. Moore of Los Angeles to play third base. Moore played last season with the Albuquerque team, which won the championship. Moore finished first in batting and third in base running.

Next Sunday the Fresno's play the Sacramento's at Athletic park. The Capital City team includes Reitz of last season's Baltimore, and McHale of the Washington, D. C. team. This will be a Capital City game, as it was in this city. They are a strong aggregation, and defeated the Oakland's last Saturday.

A Mexican Steals a Gun.

Deputy Constable Vandegrift of Solinas yesterday brought to the county jail a Mexican named Joe Enos, who was sentenced to serve seventy-five days for petty larceny. Enos stole a shotgun Saturday from George Allen of the Light Cycles at Selma, and sold it at Kingsburg. He was recovered by the officer. The prisoner pleaded guilty.

KEELEY CURE

FOR DRUNKENNESS,

The Opium, Morphine and Tobacco habits and Neurasthenia is endorsed by the U. S. Government and used in the National and State Homes for Disabled Soldiers. What suits Uncle Sam should suit you.

Don't confuse the KEELEY TREATMENT with so-called cures which have sprung up in imitation. There is but one genuine Keeley Institute in Northern California. None of the imitations can obtain a single drop of DR. KEELEY'S REMEDY. Ladies treated privately.

Robert G. Ferguson says: "Dr. Keeley has a scientific cure for the disease of inebriety. Thousands and thousands of people have been cured." P. D. Armes, the great doctor, says: "I have sent about 200 of my employees, from butchers to foremen, and all have been permanently cured."

Dr. Edmunds says: "Dr. Keeley knows more about handling morphine users and alcohol drinkers than all the rest of the profession put together." A. W. Harkness, president California Academy of Science, says: "Having had unusual opportunities for observing the effects of the KEELEY treatment, I take great pleasure in recommending it as a boon to those who are victims of the alcohol habit."

Dr. Rev. John Shanley, Catholic Bishop of Dakota, says: "So long as a man is diseased you cannot restore manhood by moral suasion; there is something deeper than that, and I firmly believe Dr. Keeley has got it."

Pathe W. A. Guebel, St. Patrick's Church, Bismarck, Minn., says: "Exhortations, temperance pledges, false cures, I have found ineffectual, and after much trial and experiment with remedies and cures, I concede but one worthy of notice, viz: DR. KEELEY'S." Try the Home Treatment for the Tobacco Habit and Neurasthenia (Nervous Prostration) which can be taken at home without interfering with the occupation of the patient. The cities of the U. S. are filled with mentally overworked and overwrought men and women who suffer from these diseases in their various forms and phases.

Change of management—The Institute has changed hands. Mr. Ramsey has retired and the Institute is now under the management of Peer Tiffany and William G. Glasson, who have been with the institution for five years.

THE KEELEY INSTITUTE,

Notice of Commissioner's Sale.

No. 327, Department 1.

In the Superior court of the county of Fresno, State of California.

G. A. Newman, plaintiff, vs. Aaron Anderson, Alphonso Garvey, Victor Lindberg, Herman Peterson, as administrators of the estate of Katie Anderson, deceased, John Doe and Simon Roe, defendants.

UNDER A SILENT VERDICT OF AN ORDER of sale and decree of foreclosure and sale issued out of the Superior court of the county of Fresno, state of California, on the 24th day of March, 1895, in the foregoing entitled matter, wherein G. A. Newman, the above named plaintiff, obtained a judgment and decree of foreclosure and sale against the said defendants, Aaron Anderson, Alphonso Garvey, Victor Lindberg and Herman Peterson, as administrators of the estate of Katie Anderson, deceased, on the 24th day of March, 1895, for the sum of seven hundred and sixty-nine dollars and twenty-five cents (\$769.25), being the sum of debt, interest and costs fees, including costs, taxed at the sum of ten dollars and twenty-five cents (\$10.25), which said decree was, on the 24th day of March, 1895, entered and recorded in volume 11 of judgments, at page 561, et seq. I was an appointed commissioner to execute the said decree, and was authorized to sell the following described property situated, lying and being in the county of Fresno, state of California, to-wit: Lots numbered thirty-seven (37) and thirty-eight (38) of Recreators addition to the city of Fresno, as per the official map or plat thereof on file and of record in the office of the county recorder of the county of Fresno, state of California, together with all and singular the tenements, hereditaments and appurtenances thereto in anywise appertaining.

Public notice is hereby given that on Friday, the 22nd day of April, 1895, at twelve (12) o'clock noon of that day, at the west door of the county courthouse, in the city of Fresno, county of Fresno, state of California, I will, in obedience to said order of sale and decree of foreclosure and sale, sell the above described property, or so much thereof as may be necessary to satisfy said judgment, with interest, costs, etc., in the right and best manner for cash in lawful money of the United States.

JAMES R. FARR, Commissioner appointed by the court in the
